He spoke with the Drainage District, and they are going to allow us to hook into the tile drain that is in the middle of the field and the farmer is going to allow us to go across the field.

He received a bid for installation, and he stated the farmer would like it to get done before crops are planted. He also explained where the tile would be installed to divert the water.

President Dowdy asked for a motion to spend up to \$10,000.00 to install drain tile and a catch basin on Locust Street. Motion made by Wilson, seconded by Ramsey, to approve spending up to \$10,000.00 to install drain tile and a catch basin on Locust Street. Motion made by 6-0 vote.
